proudly presents:

ORTHOPAEDIC BUNDLED PAYMENT INITIATIVES: RISKS AND RETURNS

Bundled payments are in the immediate future of all Tennessee orthopaedic practices! Pilot studies have shown bundled payments can yield substantial revenue gains for orthopaedic physicians.

*During this one-hour live webinar, we will present **six keys to profitable bundled payment contracting**, and answer the most frequently asked questions about orthopaedic bundled payments:*

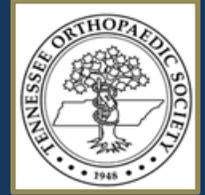

- Is bundled payment reimbursement just a fad that will go away in time?
- How are bundled payment contracts different from traditional contracts?
- Have gain-sharing revenues **actually** been paid in bundled payment reimbursement programs?
- What are the keys to successful participation in a bundled payment program?
- What should TOS members do to prepare for bundled payment contracting?
